Status Alerts for facility high census:

New alerts will pop-up when opening a patient chart if the facility census status reaches yellow or red capacity as defined in Policy and Procedure No. 7.11.30

**Yellow Status** occurs when the hospitals anticipated daily bed utilization is between 91 percent and 110 percent. When Yellow status exists, hospital team members shall take actions as outlined in Policy and Procedure No. 7.11.30 - PATIENT FLOW / PEAK CENSUS PLAN:
